

```
39     prost := flag;
40     end;

41     Begin
42     ClrScr;

43     Write ('Введите простое число: ');
44     ReadLn (p);

45     repeat
46     Inc (p);
47     until prost (p) = True;

48     Write ('p = ', p);

49     ReadLn;
50     End.
```
